Carpey Law Supports Bike Night at Hannum's Harley-Davidson For 2nd Year In A Row

Stuart speaking to a local biker about his motorcycle insurance policy.

Carpey Law was thrilled to be invited back to Hannum's Harley-Davidson's Bike Night in Sellersville this past July. The turnout was great and the Carpey Law team really enjoyed being there to support the biker community! As usual, we came loaded with a ton of free Carpey Law swag, including books, special light-up pens, glovebox insurance card and registration holders, cell phone screen cleaners, custom made t-shirts, and more!

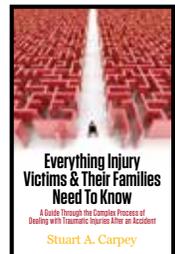

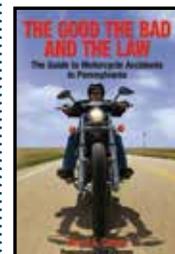

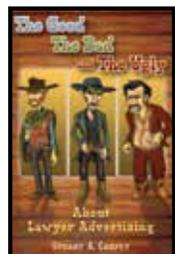

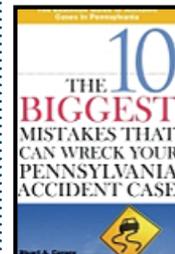

Carpey Law proudly supports the biker community in Philadelphia, Delaware County, Montgomery County, and surrounding counties. Check out what else we've been up to by visiting the Community Page on the Carpey Law website at www.CarpeyLaw.com!

Another Carpey Law VIP Cashes In!

Last month, an old client reached out to our office asking if Stuart might be able to assist her by reviewing her health insurance plan documents and determining if the subrogation lien her health insurance company was asserting against her was in fact valid. "Subrogation" is just a fancy way health insurance companies "seek reimbursement". Although this prior client did not have an active case with our office, Stuart was more than happy to help out a Carpey Law VIP, free of charge.

Crazy, Right!?

As it turned out, our VIP's health insurance company did **NOT** have a right of reimbursement, and Stuart saved her **a ton of money.**

We are pleased to announce that Carpey Law has been awarded the title "Boutique Personal Injury Law Firm of the Year in Pennsylvania - 2017"! This award is the result of an extensive nomination and research process conducted by Global Law Experts (GLE), judging candidates on:

- client testimonials
- key cases
- legal rankings
- overall reputation
- publication contributions
- speaking engagements, and
- performance standing of teams and individual lawyers.

REMINDER ABOUT OUR FIRM'S COMMUNICATION POLICY

About us: We perform very high quality legal work. We are highly competent and we have a highly competent support staff, but we are not perfect. We can make mistakes. We will correct a mistake if we find it or if you point it out.

It is our policy to return phone calls in the order they are received and based on the priority of the

situation. If you leave a message, your call will be returned usually within 24 hours. Some clients feel that calling multiple times in a day will get their call answered faster, but that is not the case. Email is the quickest way to get a response from anyone in the office.

We work by appointment only. Without an

appointment, it is unlikely Mr. Carpey would be able to meet with you.

Please utilize our support staff to answer your questions and to give you status reports. Our legal assistants and paralegals are very experienced and will often be able to respond to your requests.

Should You Give A Recorded Statement To An Insurance Adjuster After An Auto Accident?

We always advise our clients that it's not a good idea to give a recorded statement to an insurance company following a car accident. Here are some of the typical questions an adjuster will ask:

Adjuster: Hi. This is Walter from Statewide Insurance Company. I understand that you were in an accident. Is that right?

You: Yes, it is.

Adjuster: Well I am sorry to hear that. I am going to process this claim for you. I just need to ask you a few questions to get started. Do you have a few minutes?

You: Yes.

Adjuster: Alright, Now, I am going to record our conversation for my file is that OK?

You: That is fine. I have nothing to hide.

Adjuster: Great. Can you tell me about that accident?

You: Sure. It wasn't my fault. The other driver, he just . . . And, then I went to the hospital.

Adjuster: I understand. Can you tell me, where were you coming from?

Adjuster: Where were you going? What were you doing immediately before the accident?

Adjuster: Is there anything at all that you could do to avoid the accident?

Adjuster: When was the very first moment in time that you saw the other car?

Adjuster: How far away was the car when you saw it?

Adjuster: How much time passed between the time you first saw the car and impact?

Adjuster: Now, please forgive me. I have to ask everyone this question. Had you had any alcohol to drink that day? Had you taken any drugs or medication?

Adjuster: Were you injured in any way?

Adjuster: What was injured in the wreck?

Adjuster: OK. Your back, neck and knee were hurt. Was anything else hurt?

Adjuster: Have you had problems with your neck before the accident?

Adjuster: Have you seen any medical professionals for these injuries?

The adjuster "needs" a recorded statement for his file. Why is that? Shouldn't he already have a police report in his file? Didn't the investigating officer perform a thorough investigation? Didn't he obtain statements, take measurements, record weather information and document road conditions? Didn't he prepare a detailed written report? How about all the questions about your medical care and condition? Aside from invading your privacy, questions about your medical treatment are entirely unnecessary at an early point in the case. The only reason the adjuster wants your statement is to minimize the exposure the insurance company that he works for has to pay for your case.
