YOU MAY GET FRUSTRATED WITH THE INSURANCE CLAIM PROCESS

The personal injury legal process can be complicated, confusing and take what seems like a very long time to resolve. But there is much work for your legal team at Carpey Law to do throughout the process.

Some injuries can take months if not years to reach maximum physical improvement. And during this time, depending on the extent of the injuries you may see many different doctors, perhaps in different specialties. It is critical that we do not begin the settlement process of your claim until either you are fully healed or we have a clear understanding of your future medical needs.

During the various phases of a personal injury claim it is not unusual for people to think or feel:

- *That things are not moving fast enough.*
- *That it is taking a long time for information to be gathered (such as medical records or medical bills).*
- *That it takes a long time to find out what the insurance company or the insurance company's lawyers want to offer to settle the case.*
- *Even after the case is settled it can take additional time for all of the bills and liens to be paid.*

Remember that your legal team at Carpey Law is working hard for you but the insurance companies frequently use delay tactics in order to build your level of frustration so you will "want it to be finished" and will accept an unfair low offer in your case.

Understanding that this is a long process and deciding the stick with the process will make a huge difference in the value of your claim and the amount of money you receive as compensation for your injuries.
